APPLICATION FOR HEIGHT APPROVAL OF A PERMANENT STRUCTURE

in the vicinity of the Mackay Airport

Enquiries: Airport Safety Officer Phone: 0418 570 233 Email: aso@mackayairport.com (07) 4957 0273 Fax:

elevation) including all attachments such as aerials, lighting protection devices, lights etc. Top RL: metres AHD Location/Real Property description of site: Street Address: Description of structure or building (e.g. mast, multistorey, hotel etc.) Elevation Drawings to be provided with application form. Plan drawn to scale showing the following: Property boundary and distance to nearest street corner; North point; Street name and block/lot number; and Location (shown in Australian Map Grid – AMG coordinates to the nearest metre) and RL (AHD) of the highest point reached by structure. AMG: For a construction crane, a site plan of the project showing the maximum height to be reached by the crane (AHD) and its accurate location on the site will suffice. If more than one crane is to be used, each crane must be identified by a number. Please note: A separate height approval is required for each crane. Mackay Airport reserves the right to request a surveyed height of any permanent structure to confirm details above are accurate. Dependent on height & location, the application may take up to 8 weeks to process, if the height infringes airspace and is over the Obstacle Limitation Surface (OLS) & Procedure for Air Navigation	For all proposals the following information must be supplied:										
Maximum height of proposal (Australian Height Datum – AHD) to be reached by structure (e.g., when crane boom is at its highest elevation) including all attachments such as aerials, lighting protection devices, lights etc. Top RL:		NAME	ADDRESS	CONTACT NO.	EMAIL/FAX						
Maximum height of proposal (Australian Height Datum — AHD) to be reached by structure (e.g. when crane boom is at its highest elevation) including all attachments such as aerials, lighting protection devices, lights etc. TOR RI:	OWNER
